8. Team Building .....	6
9. Process Improvement .....	7
10. Social Contract .....	7

# 1. Team Name and Members

Name: SEAL Team 6

Members:

## 1) Software Engineering Students

- Timothy Kelley
  - Skillset: C#, .NET Core, MVC Model, SQL, Python, Java
  - Email: [trkelley42@tnitech.edu](mailto:trkelley42@tnitech.edu)
  - Phone: 615.668.1254
- Robert McKay
  - Skillset: Java, C/C++, Android, Kotlin, MySQL
  - Email: [rwmckay21@tnitech.edu](mailto:rwmckay21@tnitech.edu)
  - Phone: 931.310.8496
- Jacob Hill
  - Skillset: SQL, C#, Web, Python, Git
  - Email: [jdhill44@tnitech.edu](mailto:jdhill44@tnitech.edu)
  - Phone #: 865.603.8528
- Jonas Fornehed
  - Skillset: C/C++, Cybersecurity/Networks, Java
  - Email: [jhfornehed42@tnitech.edu](mailto:jhfornehed42@tnitech.edu)
  - Phone: 931.808.2895
- Joseph Doonis
  - Skillset: Python, C++, SQL, Unix, AD config, Firewall config
  - Email: [jmdoonis42@tnitech.edu](mailto:jmdoonis42@tnitech.edu)
  - Phone: 856.562.2658
- Amanda McGuire
  - Skillset: SQL, C++, Python, Java
  - Email: [ammcguire42@tnitech.edu](mailto:ammcguire42@tnitech.edu)
  - Phone: 931.250.6274

## 2) Customer (NavSEA)

- Megan Kozub
  - Contact: [megan.kozub@navy.mil](mailto:megan.kozub@navy.mil)  
[megan.m.kozub.civ@us.navy.mil](mailto:megan.m.kozub.civ@us.navy.mil)
- Alex Kniffin
  - Contact: [alex.kniffin@navy.mil](mailto:alex.kniffin@navy.mil)  
[alex.f.kniffin.civ@us.navy.mil](mailto:alex.f.kniffin.civ@us.navy.mil)

## 2. Values

- 1) Honesty – we believe honesty is necessary for our team to function
- 2) Efficiency – we will be as efficient with our work as we possibly can
- 3) Accountability – we must be accountable for our work
- 4) Dedication – we will stay dedicated to delivering the most quality work possible
- 5) Flexibility – we must be flexible with our work and schedule
- 6) Open-mindedness – we welcome all ideas and are willing to consider each one
- 7) Organization – we must stay organized for the sake of efficiency and clarity

## 3. Communication

- 1) Stand-ups (*15 minutes max per meeting*)
- 2) Slack (*for entire team communication*)
- 3) Slack (*for developer communication*)
- 4) Daily Team Meetings (*2–3 meetings/week, 1 hour max*)

## 4. Decision Making

- 1) Team Vote
- 2) Deliberations (*for detailed discussions*)
- 3) Customer Contact (*frequently; for project decisions*)

## 5. Conflict Resolutions

- 1) Majority Rules for Decision Making
- 2) Missing Meetings?
  - a. *Excused* – Must notify team at latest 1 day beforehand if other plans have been made. Emergencies right before or during meetings are also okay.
  - b. *Not excused* – Multiple missed meetings with no prior notification will result in a confrontation to discuss why meetings are being missed
- 3) Deadlines?

- a. Same procedure as unexcused meeting absences will happen when multiple deadlines are being missed

## 6. Team Meetings

- 1) MTR – Monday's 2:30pm – 3:20pm; Tuesday's and Thursday's 1:30pm - 2:30pm
  - Customer Meetings – Monday's 3:00 PM
  - Meetings happen online or in BRUN 228 if in person on Tuesday's and Thursday's. Physical location FNDH 216 for Monday
- 2) Daily Individual Stand-ups (*3 minutes max each*)
  - What I accomplished...
  - What I will accomplish by next meeting...
  - What is holding me back...
- 3) Developer Meetings and Customer Collaboration
- 4) Kanban Update via Slack
- 5) General Meetings (*whole team*)
  - Planning, Deadlines

## 7. Project Resource Management

- 1) iLearn (*for deliverables and submitting documents for grading*)
- 2) GitLab (*for storing project documents such as iteration reports*)
- 3) GitLab (*for source code management and version control*)
- 4) Slack (*for Kanban to keep track of project progress and story assignment/distribution*)

## 8. Team Building

- 1) Iteration Completion Party (*potentially be pizza party or something of a similar nature*)
- 2) Campus Team Activities (*includes going to the UC as well as the recreation center*)

## 9. Process Improvement

- 1) These methods will be used to make adjustments to the projects:
  - Retrospectives (*for identifying improvements after each iteration*)
  - Code Reviews (*for improving quality of code*)
  - Peer and Mentor Consultation (*for identifying possible improvements from experiences of members in other team projects, as well as Dr. Eberle's wisdom*)

## 10. Social Contract

- 1) Categorical Imperative (*treat others as a person, not as a means to an end*)
- 2) Make Realistic Commitments (*for deadlines/iterations*)
- 3) The only slacking we will have in this project will be the app Slack itself
- 4) Be an adult (*which includes accountability and respect for others*)
- 5) Communicate anything (*successes, roadblocks, issues for time commitment*)
- 6) Be yourself (*\*cue Disney princess music\**)
